Process for Submitting files to the CD IEA_062020.pdf

Dear Takalani,

The attached public participation plan, dated 08 October 2020, for the Rand Water R5 pipeline in Tshwane, Gauteng Province, refers.

The Department has reviewed the attached Public Participation (PP) Plan, submitted in terms of the Directions Regarding Measures to Address, Prevent and Combat the Spread of COVID-19 Relating to National Environmental Management Permits and Licences. The proposed plan contains suitable public consultation measures, and is hereby **approved**, subject to the requirement to fix and give notices, and publish a notice in at least one local newspaper (in line with the requirements of Regulation 41(2)), notifying I&APs of the intended resubmission of the application, since the previous notices and advertisement were placed over 1 year ago.

Further note, that the attached directions apply with regards to the process for submitting draft documents to the Competent Authority for comment. Please ensure that you attach this PP plan approval to the application form, when submitting to the Department.

Dear Takalani,

Can you quickly insert a point in the document clarifying how I&APs will be notified of the availability of the report for comment?

i.e. will you send out an email to registered I&APs, letting them know the report is available for download or comment on your website, or post notices on social media etc.?

I can approve as soon as you clarify this item.

Regards,

Fiona
